

HOW TO MEASURE YOURSELF FOR TESLASUIT GUIDE

MEN

HOW TO TAKE MEASUREMENTS

Measure yourself before choosing what size to order.
To get the most accurate measurements, have
someone else measure you.

STEPS TO FOLLOW:

- A CHEST**
Measure well up under your arms and over the fullest part of your chest, with the tape measure parallel to the floor. Hold the tape firmly, but not tightly.
- B WAIST**
Wrap the tape measure around your belly at the level of your belly button. Hold the tape firmly, but not tightly parallel to the floor. Stand in a relaxed position, do not push out your belly or suck it in.
- C HEIGHT**
Measure your height without shoes from top to bottom of your feet.

Imperial system

Please note that the TESLASUIT's sizing table is of body measurements only, not garment measurements.

Height	D	E	F	G	H	I
	5.38ft	5.58ft	5.77ft	5.97ft	6.17ft	6.36ft
Sizes	Extra Small (XS)	Small (S)	Medium (M)	Large (L)	Extra Large (XL)	Double Extra Large (XXL)
Chest	34"	36"	39"	41"	43"	46"
